

16TH JUNE 2021 * SUMMER TERM * ISSUE 14

Dear Parents and Carers,

I hope that your family are safe and well.

Father's Day

Our PTA have purchased a number of gifts to enable pupils to buy a small present for their Dad or someone special in their life on Friday. Pupils will select the gifts on Friday in school and they will take them home in small bags. Thank-you to our PTA for organising this for the children.

Freezer Fridays

On Fridays for the rest of term, our PTA will be selling a selection of ice lollies on the playgrounds. There will be a selling station based under the trees alongside the path joining both playgrounds and one across from where Mr Scullion supervises the gate at the Brookside exit.

PTA will only be able to sell if the weather is fine – we have prepared the children that if it is a rainy day then it will not happen.

In order to help us be covid secure :

- Please have the correct change : each item is 50p.
- If your child walks home alone and they are bringing money to school then please ensure they have the correct change too.
- Please wait in a socially distanced queue where the signs are and away from school paths (we are all used to this aren't we!)
- Try to choose as quickly as possible and drop money into the collection box – helpers will then put the items on the table.
- Please wear a face covering.

Funds raised will go to the PTA. The PTA will also be selling some washed second hand uniform. There are some very nice quality items for sale.

Playpals parents/children will be able to buy an ice lolly if they wish at the end of Playpals and Year 3 club children will be able to as well.

Nursery and Reception Induction Meetings

We have sent letters to all parents of children joining us in September in both Nursery and Reception. The letters explain that there are online meetings on zoom.

- Reception Induction Meeting: Monday 21st June 5pm
- Nursery Induction Meeting: Monday 5th July 4.30pm

Please see the letters for further information.

Class Mix

Typically, we mix year groups into new classes every two years or where we feel it is necessary. As we have a second year that has been disrupted, pupils will remain in the same class in September. We will aim to mix some or all year groups next year.

In the week beginning 5th July we will notify you of the teachers linked to classes for the next academic year. Your child's new teacher will spend some time with them in school.

Yours sincerely,

Mrs C Robinson
Headteacher BEd Hons. NPQH
